Filing of Revisions to Form 4111(Rev 6/09) : Supplemental Application for Variable Annuity Subaccount Allocations

SERFF Tracking Number: AMNA – 126163191

Company Tracking Number: 4111

Sir or Madam

Please find the above listed form submitted for your department's review and approval. This is a previously approved form, approved by your department on 3/26/2004 under SERFF Tracking Number: USPH-5XBQNS828 and State

SERFF Tracking Number: AMNA-126163191 State: Arkansas
Filing Company: American National Insurance Company State Tracking Number: 42575
Company Tracking Number: 4111
TOI: A03G Group Annuities - Deferred Variable Sub-TOI: A03G.002 Flexible Premium
Product Name: 4111
Project Name/Number: 4111/4111
Tracking Number: 25926.

The form has been revised with the following material changes:

The previous version contained two questions after the fund listings:

- "Are you purchasing the WealthQuest III Group Unallocated Variable Annuity that is registered with the SEC?"
- "If yes, did you receive the product prospectus and prospectuses for the investment options?"

The revised version removes those questions, and replaces them with:

- "Did you receive the product Disclosure Memorandum and prospectuses for the investment options?"

As a result of these revisions, we have assigned the form a new form number, as shown above.

In addition to the above changes, the fund listing has been updated to reflect the most current funds available under the product. Please note that this fund listing has been filed under the original filing as variable material, and is so indicated on this filing as well by the use of brackets.

Additional information regarding this filing is provided / attached below:

- Payment for the required filing fee in the amount of \$50.00 was submitted via EFT with this filing.
- Statement of Variability
- Certificate of Readability
- Certification of Compliance

MEMORANDUM OF VARIABLE MATERIAL for Form 4111(Rev6/09)

This memorandum was prepared for use with Form 4111(Rev6/09), a supplemental application used to designate subaccount allocations on a group unallocated variable annuity product. A statement of variability was previously filed with the original submission of this form (see cover letter for approval info). This memorandum is being submitted to confirm our intent to continue the use of variable material.

Variable material contained in Form 4111(Rev6/09) is denoted by use of brackets.

Variable Material in the Form

The form contains the following permissible variable material:

Subaccount (fund name) listings.

The subaccount (fund name) listings, will continue to be updated in accordance with your department's provisions, and any informational filings required will be submitted accordingly.
